

An Introduction to **ByzWiz**

ByzWiz is India's first socially enabled platform for entrepreneurs, designed to make launching and managing multiple businesses easy, risk-free, and entirely free of cost. ByzWiz supports a wide range of business ideas and provides powerful tools and technology to turn these ideas into profitable and scalable business ventures.

Designed to eliminate traditional startup challenges and barriers to entry into the entrepreneurship landscape, ByzWiz simplifies setup and optimizes every step of business operations for a smooth and productive experience.

The platform delivers phenomenal benefits, operating efficiency, and flexibility through its high-productivity features and tools, optimizing business operations across three powerful verticals: Food, Products, and Video. ByzWiz ensures that every entrepreneur finds the right fit to effectively and efficiently monetize passions, skills, talents and creativity.

The ByzWiz platform provides a robust digital infrastructure, advanced efficiency and marketing tools, highly optimised logistics, and powerful social connectivity, all designed to reduce operational costs and amplify business growth. By leveraging these powerful features and technology, entrepreneurs gain access to wider markets, improved operational efficiency, and enhanced profitability—leading to scalable and sustainable business success.

Integrated within the platform is the ByzWiz social network that lets entrepreneurs connect with other entrepreneurs, and also directly with their customers and followers, fostering a vibrant eco-system for discovery, engagement, and economic activity between their communities. This approach boosts visibility, builds valuable long-term trust-based relationships, and drives growth by turning such connections into lasting success.

Our mission through the ByzWiz platform is to empower entrepreneurs from all backgrounds across India, providing them with the resources, tools, technology and support to build and grow multiple, scalable businesses online—without any barriers.

The **ByzWiz** Referral Program

The ByzWiz Referral Program is an extraordinary opportunity to join forces to empower a new generation of entrepreneurs across India. At ByzWiz, our vision goes beyond being a platform—we are on a mission to ensure that everyone with entrepreneurial dreams has barrier-free access to the technology, resources, guidance, and support needed to succeed in the ever-growing landscape of Indian entrepreneurship.

One of the key initiatives in our mission to foster entrepreneurial growth is the **ByzWiz Referral Program**. This program is designed to collaborate closely with individuals and organizations who are at the heart of the entrepreneurial ecosystem—those who actively foster, inspire, and nurture entrepreneurial talent. We aim to develop a Channel Partner ecosystem by connecting with mentors, coaches, facilitators, organisations and institutions that dedicate their resources to guiding and empowering the next wave of entrepreneurs through activities ranging from mentorship, coaching & strategic guidance, hosting business networking and marketplace events, educational workshops, and growth-oriented programs.

We at ByzWiz aim to work closely with our channel partners to empower the entrepreneurs they support by connecting them to the ByzWiz platform. Through this collaboration, entrepreneurs can seamlessly take their businesses online and unlock a wealth of opportunities.

The ByzWiz Referral Program is designed to foster meaningful collaboration between ByzWiz and mentors or facilitators guiding entrepreneur groups. This program rewards their efforts in familiarizing and onboarding entrepreneurs onto the ByzWiz platform with an array of benefits, including monetary rewards, social recognition, and early-stage association advantages. These rewards not only acknowledge their contributions but also open doors to exciting future collaborations.

The Referral Program offers a unique opportunity for entrepreneurship coaches, mentors, and facilitators to amplify their influence, extend their networks, and play a pivotal role in shaping the future of India's entrepreneurial ecosystem.

Why Partner with **ByzWiz**?

Partnering with ByzWiz through the Referral Program offers a unique opportunity to make a meaningful impact while enjoying remarkable benefits.

In the short term, mentors, coaches, and facilitators gain access to attractive monetary rewards, greater visibility, and social recognition for their efforts in supporting entrepreneurs. These incentives not only acknowledge your contributions but also establish you as a key player in India's entrepreneurial ecosystem.

In the long term, this partnership creates opportunities for deeper collaboration with ByzWiz, fostering innovation and co-developing initiatives that drive sustainable growth. ByzWiz's advanced tools, cutting-edge technology, and dynamic platform amplify the value of your guidance, enabling entrepreneurs to overcome challenges, grow their businesses, and succeed in competitive markets.

The ByzWiz Referral Program is more than just about onboarding—it's about giving entrepreneurs the tools, resources, and opportunities to thrive. By working together, we can inspire individuals to embrace self-reliance, make a lasting impact, and achieve sustainable growth. This program empowers you to extend your influence, broaden your network, and play a pivotal role in shaping the future of India's innovators and business leaders.

This isn't just a partnership—it's a shared mission to transform entrepreneurial dreams into successful realities. With ByzWiz, you can make a difference today while creating a brighter, more prosperous future for countless entrepreneurs across India.

How does the **ByzWiz** Referral Program Work?

The ByzWiz Referral Program is designed to create a win-win partnership between ByzWiz and our esteemed Channel Partners. By leveraging your expertise and network, this program empowers you to onboard entrepreneurs onto the ByzWiz platform while enjoying structured rewards tied to their business success. Our goal is to ensure this collaboration benefits all parties and creates a lasting impact on the entrepreneurial ecosystem.

We propose a revenue-sharing model that rewards our channel partners based on the performance and volume of the businesses they help publish. The structure is designed to ensure fairness, scalability, and motivation for higher engagement.

Revenue Sharing

The percentage of revenue shared with channel partners will vary depending on the number of entrepreneurs onboarded and businesses published:

- **Up to 10 Businesses**
Channel partners will receive 1% of the revenue generated by all businesses published by their on-boarded entrepreneurs.
- **11 to 50 Businesses**
Channel partners will receive 2% of the revenue generated by all businesses published by their on-boarded entrepreneurs.
- **More than 50 Businesses**
Channel partners will receive 3% of the revenue generated by all businesses published by their on-boarded entrepreneurs.
- **Duration of Revenue Sharing**
Channel partners will receive a share of the revenue generated by their entrepreneurs for a duration of One (1) year from the date of publishing their businesses. This allows entrepreneurs adequate time to stabilize and grow their businesses on the ByzWiz platform and promises a healthy monetary return on the efforts of our channel partners in bringing their entrepreneurs on-board.

Process

- **Referral Code**
ByzWiz will provide each channel partner with a unique referral code. Entrepreneurs must use this referral code when signing up, allowing our system to accurately associate them with the respective channel partner. Our backend systems will be equipped to recognize and process these referral codes once issued.
- **Responsibility**
Channel partners will be responsible for ensuring that their entrepreneurs use the provided referral code during registration. In cases where an entrepreneur skips or forgets to use the referral code, the channel partner can notify us. ByzWiz will promptly verify and link the entrepreneur to the appropriate channel partner, ensuring no opportunities are missed.

Monitoring

To streamline and simplify the program, we will provide all channel partners access to their account area on our centralized Mission Control servers. This would primary be a tech-enabled dashboard for our channel partners, enabling the following:

- Tracking the progress of entrepreneurs you have onboarded.
- Monitoring the revenue generated by your entrepreneurs.
- Viewing and tracking your earned revenue in real-time.

The structure will ensure transparency, accuracy, and ease of management, enabling you to stay updated on all aspects of the program. The fundamental technology to enable this feature is being built and will be deployed soon. Additional features will be added in due course and as deemed necessary by us, or as requested by our channel partners.

Payout

- **Payout Schedule**
Channel partners will receive payouts on a monthly basis for the revenue share earned through their onboarded entrepreneurs.
- **Invoice Submission**
ByzWiz will provide earnings reports, and channel partners must raise an invoice in the name of **ByzWiz Infratech Private Limited** by month-end. Organizational partners must submit **Tax Invoices** with **18% GST**. Individual or Unregistered channel partners may submit regular invoices. TDS will be applicable as per Income Tax rules.
- **Timely Payments**
Payouts will be processed promptly before the 5th of every month to ensure timely compensation. Channel partners are welcome to share their preferred payment methods with us for seamless transactions.
- **Transparency**
All payment details, including revenue calculations and payout breakdowns, will be available for review at your account dashboard, ensuring complete transparency in the process.

Terms

- **Contract Duration**

The contract will be valid for 1 year from the date of acceptance and signing. During this period, channel partners will earn a share of the revenue generated by all entrepreneurs they onboard to ByzWiz.

- **Revenue Sharing Continuity**

Revenue sharing will continue as outlined above, even after the contract term ends, for up to 1 year of operations for each onboarded entrepreneur. This implies that channel partners will continue to receive payouts until all the onboarded entrepreneurs complete 1 year of business operations on the ByzWiz platform, provided the entrepreneurs were onboarded during the contract period.

- **Post-Contract Collaboration**

At the end of the contract term, ByzWiz will review the partnership to explore new engagement opportunities. Updated terms, rewards, and collaboration models will be designed to further strengthen the relationship with channel partners and their entrepreneurs.

- **New Benefit Additions**

ByzWiz may revise the contract at any time within its validity to introduce additional benefits or rewards for channel partners and the onboarded entrepreneurs. However, the existing revenue-sharing structure will remain unchanged and in effect as originally described and agreed upon.
